

Partners in Health,

Welcome to the Jackson County Healthy Communities Coalition! We are excited you're interested in our work and invite your participation in making Jackson County a healthier place to live. The coalition *usually* meets on the fourth Thursday, every other month, in the back room of the Carbondale Township Office (directions included in this packet: please check website calendar to be sure of location/date).

Each community partner is welcome to network at the larger community meetings but is also encouraged to become a valued member on one of our action teams. Whether you are interested in attending to network, to keep current on health-related events, or to join a specific action team we are happy you are at the table! If you have additional questions or concerns that the website does not address, contact Kris Sherrill at (618) 457-5200 ext. 67834.

Sincerely, (JCHCC Steering Committee)

Carbondale Park District
