

For questions about screening criteria, please  
forward an HICS 213 to Operations Chief at System IC.

**Patient must be on list of  
approved visitation reasons  
to have visitor.**

**CURRENT COVID-19 Guidance - last updated April 7, 2020**

## **VISITOR Screening Guidelines**

**Only ONE designated support  
person is allowed per patient.**

### **SYMPTOMS OR EXPOSURE RISK:**

- ☐ Fever greater than 100°F (VISITOR TEMPERATURE: \_\_\_\_\_)
- ☐ Medicated with Tylenol or Motrin in the last four hours to treat a fever over 100°F
- ☐ Cough, new or worsening within last 7 days
- ☐ Shortness of breath, new or worsening within last 7 days
- ☐ Travel outside of southern Illinois; southwest Indiana; southeast Missouri; or western Kentucky within the past 14 days  
(Hospital only: Call House Charge for further guidance before turning visitor away due to US travel)
- ☐ Visitor has been in close contact with a person confirmed to have COVID-19 or awaiting confirmation of a COVID-19 laboratory result, within 14 days of symptom onset. (Close contact of less than 6 feet for more than 10 minutes)

### **Instructions to give to visitor:**

**If ANY box for symptoms or exposure is checked above, then visitor is excluded from entry.**

*(Script: Current guidelines indicate it would help to protect our patients if you are not allowed entrance at this time. In our current state of caution we are not going to issue you a visitor pass today.)*

If the visitor is concerned about their health, the SIH Covid Hotline is 844-988-7800. They should call the hotline for further guidance.

If the visitor has additional questions, or does not want to leave, follow your established process for contacting hospital security or your onsite supervisor for additional support.

If **NO** boxes are checked above for symptom or exposure risk, visitor can be allowed to enter. Complete a visitor sticker with the visitor name, patient room number or expected outpatient location, and visit date.

**SHRED THIS FORM AFTER USE. DO NOT GIVE TO VISITOR. DO NOT SCAN.**
